

Pet Safety Products

The original PetStep® Folding 70" Pet Ramp is the perfect solution to allow pets to climb in and out of the back of vehicles as well as on and off furniture such as exam tables, sofas, beds, or up and down stairs with ease. The ramp has a superior gentle slope that provides assistance to pets that cannot leap onto high surfaces and prevents joint damage in pets of all ages and sizes.

- Unique non-slip rubberized surface is gentle on paws and allows pets to naturally dig into the material while walking, unlike abrasive sandpaper ramps
- Industry-leading dimensions at 70" length and 17" width for the most comfortable pet usage
- Will not trap odors or dirt like carpeted ramps
- Provides superior traction in all weather conditions including rain, sleet, and snow
- Universal non-slip grip fits all vehicles and edges
- Portable and lightweight at 18.5 lbs, unfolding in just seconds
- When combined with the Pool Leg Kit, sold separately, the PetStep ramp can be used for pets' safe access to pools
